

KICK A GOAL THIS WORLD CUP WITH COAST TO COUNTRY SOLAR!!

The largest most extensive Solar range from the Coast to the Country. C2C will be celebrating the Socceroos and supporting their journey throughout the World Cup 2010. Despite their loss last week and their draw on Saturday, we still have faith in our boys, so that's why C2C Solar will be extending our offer from last week and continue to take **\$500 OFF ANY Silex System** for each goal we score!

WHAT A DEAL!!!

Keep your eye on the paper, the sun, the electricity bill and most importantly the score on game day! Cheer our boys along as each of their goals translates into HUGE savings for you and your family or business! C2C Solar is your 1 stop shop with ALL the best brands at ALL the best prices.

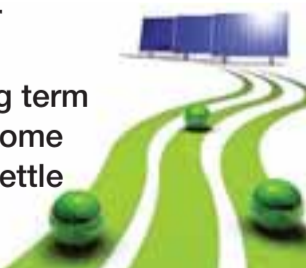

"GREEN IT, WE MEAN IT"

Want Australian Made? - C2C is the South Coast's largest Silex Supplier. The ONLY Australian made panel in the world - made right here in your back-yard!

Tight Budget? - C2C can help. Speak to one of our solar specialists to find out how you can go solar without going broke! You are making a long term investment for your home and family, so don't settle for second best.

Call C2C Solar now on **1300 C2C ENERGY (222 363)**

 Or visit us on: **www.c2csolar.com.au**

Thankyou to all who joined us and attended the "GREEN IT, WE MEAN IT EXPO" down in Batemans Bay over the last two weeks. Congratulations to our lucky prize winner who took away a FREE 1kW System. A huge thankyou to all the families who took action to save on their energy bills and make a difference to the environment, especially Ken and Iris who decided to use all their roof space and go for a 6.3kW Silex System! Now it's YOUR TURN. Come join the thousands of families making a difference and take advantage of The C2C Guarantee and our NO HIDDEN COST Policy!

C2C know that no two houses are the same, that's why we have a solar solution for almost every application and every roof. **Want The BEST of the BEST?** C2C has it!

Got Shade?
 We have the answer - The German made SCHOTT Amorphous Panels coupled with the Solar Magic power optimizer will ensure that shade won't ruin your plans to go green!

2/30 PRINGLE ROAD, FAIRY MEADOW.
